

de: Assistant Professor in Mathematics (Juniorprofessor) [Doctorate or Ph.D. in Mathematics; significant teaching experience; convincing record of research and publication; experience in acquiring and conducting third-party funded research desirable] / International University in Germany; Bruchsal / deadline January 31 or until filled

[Math-jobs.com](http://math-jobs.com) - good people, good jobs, good companies

The International University in Germany (IU) invites applications for the following position in its School of Information Technology :

Assistant Professor in Mathematics (Juniorprofessor).

Successful candidates have a Doctorate or Ph.D. in Mathematics, significant teaching experience, and a convincing record of research and publication. Experience in acquiring and conducting third-party funded research is desirable.

The appointee will teach mathematics for Computer Science students, both at the undergraduate and graduate level. Moreover, the future holder of the post is expected to conduct high-level mathematical research and to engage in interdisciplinary research projects with other faculty members.

The International University in Germany is a private university dedicated to excellence in teaching and research. It offers accredited degree programs in Information Technology, Business Administration and Communication Management. Education at IU is highly individualized and takes place in a multicultural campus community.

Please send curriculum vitae, publication list, a one-page vision statement and the contact details of three references in hard copy to Prof. Dr. Ian Cloete, President, International University in Germany, Campus 3, D-76646 Bruchsal. The position is available from April 15th, 2007.

Applications accepted until **31/01/2007**, but the search will remain open until the position is filled.

The International University in Germany is an equal opportunity employer.
