

MLC_ADC1_read

```
graph LR; A[MLC_ADC1_read] --> B[MLC_ADC_read]
```

A diagram showing a data flow from a source box to a destination box. The source box on the left is gray and contains the text 'MLC_ADC1_read'. A dark blue arrow points from the right side of this box to the left side of a white box on the right. The white box contains the text 'MLC_ADC_read'. Both boxes have a black border.
